

Connecticut DOT//Lower Connecticut River Valley COG
Ozone Air Quality Conformity Determination
Notice of Availability

River COG is initiating a 30-day public review of the air quality conformity evaluation on our current 2015 Regional Transportation Plan and 2015 Transportation Improvement Program as amended. Support documents are available on the River COG website at www.rivercog.org.

After review by FHWA, EPA, CTEEP, CTDOT and the MPO's, the September 2016 Air Quality Conformity Determination incorporating the MOVES2014a model demonstrates conformity to the budgets in the State Implementation Plan for air quality for the CT portion of the NY-NJ-CT Ozone Marginal Nonattainment Area and Greater CT Ozone Marginal Nonattainment Area.

The Air Quality Conformity Determination will be available for review and comment from September 30, to October 29, 2016 at River COG. There will be a public informational meeting on October 19 at 5:00 p.m. at River COG when comments may be submitted or they can be sent to Robert Haramut, Senior Transportation Planner, LCRVCOG, 145 Dennison Road, Essex CT 06426
