

RFP for the RiverCOG Regional Plan of Conservation and Development
Questions and Answers # 2

7. What content management system does the Regional Plan website use?

The Regional Plan website rivercogregionalplan.org was created on Squarespace and would be updated using Squarespace's built in CMS.

8. This project seems like staff augmentation and will require a lot of work, does RiverCOG have the budget for this?

Although we do not release project budgets in RFPs, RiverCOG staff believes we have enough budget to complete this project. Please submit what you consider a reasonable budget to complete our Regional Plan of Conservation and Development.
