

RFP for the RiverCOG Regional Plan of Conservation and Development
Questions and Answers # 3

9. Do you envision the consultant team conducting a meeting for each municipality, or would you be open to joint presentations to multiple municipalities?

This was recently discussed at a Regional Planning Committee meeting and was decided that while giving joint presentations to multiple municipalities could be efficient, it will most likely end up being separate meetings for each municipality. The best way to approach this would be to break out a "per meeting" cost in your proposal.
