2021–2024 TIP

In accordance with the provisions of Title 23, section 134 of the United States code; as amended by the Fixing America's Surface Transportation Act (FAST Act) enacted on December 4, 2015; the Lower Connecticut River Valley Council of Governments (RiverCOG) has developed a draft Transportation Improvement Program (TIP). The TIP lists all federally funded transportation improvements, by federal funding category which are scheduled to occur over the next four years. It includes capital and operational improvements to the various modes, which make up the transportation system, including highway, bus, rail and bicycle facilities. The TIP is used to implement the goals and objectives identified in the Long-Range Regional Transportation Plan.

The RiverCOG is the Metropolitan Planning Organization (MPO) for the towns of Chester, Clinton, Cromwell, Deep River, Durham, East Haddam, East Hampton, Essex, Killingworth, Lyme, Middlefield, Middletown, Old Lyme, Old Saybrook, Portland, and Westbrook.

Public Information Meeting

On September 16, 2020 a virtual public informational meeting will be held via Zoom. The meeting will begin promptly at 6:00 p. m.. The meeting will provide a forum for a full and open discussion of the Draft 2021 Transportation Improvement Program (TIP). At the meeting, the public will have an opportunity to review, comment and discuss on any aspect of the TIP. This forum will also provide the COG with information from the public regarding their desires and concerns. COG staff will be available to discuss the TIP and answer specific questions about any of the proposed projects. Please use this meeting as an opportunity to ask questions and provide input to these very important transportation planning efforts.

The meeting will also provide a forum to discuss the Coronavirus addendum to the PPP which outlines the COGs procedures for virtual meetings during current or future pandemics.

The Ozone Air Quality Conformity Determination and Statewide Transportation Improvement Program (STIP) will also be available for review and comment and CTDOT staff will be in attendance to answer any questions. The STIP is a compilation of all the regional TIP's in the state.

Public notice of the TIP also meets the Public notice requirements of the Estuary Transit District and Middletown Transit District Program of Projects (POP).

Review and Comment Procedure

The draft 2021 TIP and PPP will be available for review for a forty-five day public comment period between August 24, 2020 and October 9, 2020.

The project website contains a link to the virtual public information meeting live streaming event. For free language assistance please call 860/581-8554 seven days in advance of the meeting. Persons with limited internet access may request that project information be mailed to them directly by contacting Robert Haramut, Senior Transportation Planner at 860/581-8554 or rharanut@rivercog.org seven days in advance of the meeting
