Questions & Answers Regarding RFP for
Computer Server, Computer Support Services and Transition to Cloud Based Services and Backup
(1) As of November 25, 2020

Question: Is RiverCOG looking to move data to the cloud or data and applications?

Answer: We are looking to move data and applications to the cloud.

Question: Who is the provider of your phone services?

Answer: Genie Innovations

Question: Does each team member have a POE switch at home to connect to the phone?

Answer: For our VOIP phone service we don't need a POE switch, we just plug our phone into our modem (at home) and it works like magic
